

# Easy-Scooter

EASY-SCOOTER, the indestructible dispenser, is a must for every soft skirting installer! Fatigue-free work is possible even after hours. The EASY-SCOOTER can be used in many ways - for example also for dispensing edge insulation strips, cables or wire.

## Advantages at a glance:

- Effortless, quick, smooth dispensing of the soft skirting from the roll
- Ergonomic working - offers optimal mobility
- Universally in use
- Increases your efficiency
- Highly stable construction
- Attachment option for installation tools (rubber hammer / skirting scissors)

# Product information

Simply insert the roll of the soft skirting into the Easy-Scooter and place the beginning of the soft skirting between the guide pins.

During assembly, the soft skirting is evenly rolled off the Easy Scooter. The protective paper of the adhesive tape must be removed and the profile glued to the wall. After this, press down completely with the Doellken rubber hammer.

The guide and retaining pins are easily adjustable. If desired, the turntable can be braked by adjusting the screw on the underside of the device.

## For safety reasons, the following must be observed when using the Easy scooter:

- Use under foreseeable misuse (ie improper use) is strictly prohibited
- Do not stand on the Easy Scooter with your feet!
- Do not use the easy scooter as a play or sports device!
- If possible only use on flat surfaces!
- Do not use in the immediate vicinity of stairs or floor openings. (If necessary, attach suitable protection or clearly visible labeling!)
- When using the Easy-Scooter, make sure that no fingers get under the device!

## Specifications

**Size:** ø 50 cm  
**Resilience:** up to 50 kg  
**Weight:** approx. 5 kg \*  
**Scope of delivery:** Easy scooter, Döllken rubber hammer, without skirting scissors

\* [without soft skirting roll and tool]
