

# Strip cutter

The Döllken Profiles strip cutter impresses by its practical and simple handling. Precise strips (51 mm) may be cut from existing flooring in a single work step.

## Advantages at a glance:

- easy to handle, handy size
- easy to replace: blades may be replaced with normal utility knife segmented blades
- for cutting of designer cover strips for D 60 and C 60
- convenient punching case addition

# Product information

The strip cutter is used to produce cover strips for insertion into Döllken type C 60 life Top and D 60 life Top cored skirtings.

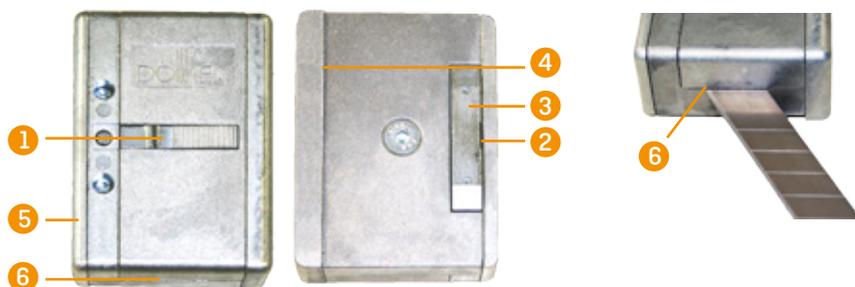

The Döllken strip cutter was developed especially for work on heterogeneous designer coverings up to 4 mm thick. Abnormal or improper use, e.g. for foamed soft coverings, linoleum etc. may cause damage.

Producing cover strips will be child's play using the strip cutter. A skirting with matching finish can be created with little effort.

## Components & structure

- 1 Blade locking
- 2 Blade
- 3 Blade protection
- 4 Cover end stop
- 5 Blade clamping plate
- 6 Blade breaker

## Spares for the strip cutter

### Blades
