Mirror Strip

Shimmering Accent for Modern Interior Design

The sleek mirror strip brings the trend of metallic highlights right into your interior spaces, instantly elevating any interior with a touch of luxury. Its ultra-glossy finish creates a mirror-like effect, giving walls and ceilings a contemporary, premium appearance. Perfect for defining transitions between wall coverings like plaster, liquid wallpaper, fabric, or designer wallcoverings. With its slim profile, the mirror strip is ideal for adding stylish accents or designing decorative lines and frames. The self-adhesive backing also ensures quick and easy installation – just cut to size, peel off the protective film, and stick it in place.

Areas of Use

- Effortless creation of decorative lines and frames on walls and ceilings
- Elegant finishing touch for wall and ceiling panels
- Visual highlights in living spaces and hallways
- Versatile for all interior areas (e.g., living room, office, etc.)

Döllken Profiles

Key Benefits at a Glance
