

Tool Case Systems

One case system for all tools

Say goodbye to tool chaos – the modular tool case system from Döllken keeps everything organized, protected, and maximizes efficiency on every job site.

Our Systems:

- System Case Punching / Cutting
- System Case Gluing
- System Case Punching / Gluing
- System Case Profilecutter

The Advantages

One case system for all Döllken Profiles tools
'One for all, all in one'

- ✓ By purchasing a single punch, hot melt glue gun or profile cutter, you immediately gain space for further Döllken system tools
- ✓ High-quality, spacious system case made of durable ABS plastic – for clarity, protection, and safe transport
- ✓ Combinable with each other for maximum flexibility
- ✓ A single insert – suitable for every professional hot melt glue gun
- ✓ Unique mobility system – compatible with Bosch, Edma, Förch and many more
- ✓ Robust, dimensionally stable and durable in use
- ✓ Tools neatly arranged – everything immediately at hand
- ✓ Simple click connection for quick handling
